

std::true_type

```
classDiagram
    class srsran_detail_is_std_array["srsran::detail::is_std_array<std::array<U, N>>"]
    class std_true_type["std::true_type"]
    srsran_detail_is_std_array --|> std_true_type
```

The diagram consists of two class boxes. The top box, representing `std::true_type`, is white with a grey border and contains two empty rectangular slots below its name. The bottom box, representing `srsran::detail::is_std_array<std::array<U, N>>`, is grey with a grey border and also contains two empty rectangular slots below its name. A blue arrow points from the top of the bottom box to the bottom of the top box, indicating an inheritance relationship.

srsran::detail::is
_std_array< std::array
< U, N > >
