The diagram illustrates a class hierarchy or association. The top class, `qos_flow_id_t`, is represented by a white box with a black border and is divided into three horizontal sections. The bottom section is empty. The bottom class, `srsran::e1ap_qos_flow_item`, is represented by a gray box with a black border and is also divided into three horizontal sections, with the bottom section being empty. A blue line connects the bottom of the `qos_flow_id_t` box to the top of the `srsran::e1ap_qos_flow_item` box. This line ends in a blue diamond shape, indicating an aggregation relationship. To the right of this line, the text `+qos_flow_id` is written in a light gray font.
