

std::false_type

```
graph BT; A[detail::is_named_arg< T >] --> B[std::false_type];
```

The diagram illustrates an inheritance relationship. At the bottom is a dark gray box labeled 'detail::is_named_arg< T >' with two empty horizontal slots below it. A blue arrow points upwards from the top of this box to a white box labeled 'std::false_type' at the top. The 'std::false_type' box also has two empty horizontal slots below its label.
