```
graph BT; A["lib/phy/support/interpolator/interpolator_linear_impl.cpp"] --> B["lib/phy/support/interpolator/interpolator_linear_impl.h"]; C["lib/phy/support/support_factories.cpp"] --> B;
```

A diagram showing the relationship between three files. At the top is a dark gray box containing the header file path. Below it are two lighter gray boxes, one on the left and one on the right, containing source file paths. Two blue arrows point from the source files up to the header file, indicating that both source files include or depend on the header file.
