

uint8_t

The diagram illustrates a pointer relationship. At the top, a box labeled 'uint8_t' is divided into three horizontal sections. A blue line descends from the bottom section of this box, passing through a small blue diamond, and terminating at the first section of a larger, shaded gray box below. The gray box is also divided into three horizontal sections. The top section of the gray box contains the text 'asn1::rrc_nr::srs_pos_res_r16_s::tx_comb_r16_c::n2_r16_s', while the two bottom sections are empty.
