

std::false_type

```
graph BT; A["srsran::srsvec::detail::is_complex_span_compatible<T, typename>"] --> B["std::false_type"]
```

The diagram illustrates an inheritance relationship. At the bottom is a gray box representing the base class `srsran::srsvec::detail::is_complex_span_compatible<T, typename>`. A blue arrow points upwards from this box to a white box at the top representing the derived class `std::false_type`. The white box is divided into three horizontal sections, with the top section containing the class name.

srsran::srsvec::detail
::is_complex_span_compatible
< T, typename >
