

uint8_t

```
classDiagram
    class uint8_t {
    }
    class feature_set["asn1::rrc_nr::feature_set_ul_per_cc_v1540_s::mimo_non_cb_pusch_s_"] {
    }
    uint8_t o-- feature_set
```

The diagram shows a class named 'uint8_t' at the top, represented by a rectangle divided into three horizontal sections. The top section contains the text 'uint8_t'. A blue line extends downwards from the bottom section of 'uint8_t' to a diamond-shaped connector. This connector is positioned above a larger, grey-shaded rectangular class box. The top section of this grey box contains the text 'asn1::rrc_nr::feature_set_ul_per_cc_v1540_s::mimo_non_cb_pusch_s_'. The grey box is also divided into three horizontal sections. To the right of the blue line, there are two lines of text: '+max_num_simul_srs_res_tx' and '+max_num_srs_res_per_set'.
