

options

```
classDiagram
    class options {
    }
    class "asn1::flap::needfor_gap_opts" {
    }
    options o-- "asn1::flap::needfor_gap_opts" : +value
```

The diagram illustrates a class hierarchy or composition. The 'options' class is at the top, and the 'asn1::flap::needfor\_gap\_opts' class is at the bottom. A blue line with an open diamond at the bottom connects them, indicating an aggregation relationship. The label '+value' is placed to the right of the line. The 'options' class has three empty slots below its name. The 'asn1::flap::needfor\_gap\_opts' class has two slots below its name, with the bottom slot containing '+ to\_string()'.
